Dear Clive,

I am writing to express my thanks for the work undertaken at William IV Street for our restaurant "Terroirs".

It is now 3 months since we opened and I have to say our kitchen is bearing up well considering the pressure it is placed under. (We did 130 covers on Saturday night!) With such limitations on extraction, gas and space and a large offering on the menu it works very well for us, and people, especially from the industry are staggered at how we produce from such a small area.

Thanks to you and your team for all the help in the design stages (and for the endless changes I kept making with the specs), for keeping the project well within budget and delivering on schedule. I will look forward to working with you again if we do another project.

With Kind Regards

Ed
